Between Wilson and Underwood.

Atlanta, Ga., April 30.—Georgia's preference for the democratic presidential nomination will be expressed by the voters tomorrow at a state-wide primary to be held solely for that purpose. Later in the month the state convention will meet here to ratify the choice. The contest is between Woodrow Wilson and Oscar W. Underwood, with the odds apparently favoring the New Jersey governor.

Factional lines have been drawn into the contest. Wilson is generally supported by the friends of Senator Hoke Smith, while Underwood is favored by the anti-Smith faction, of which Governor Joseph N. Brown and Clark Howell are the leaders.

Will Moss returned yesterday from his visit to Dodd City, Tex. His family will not return for a short time yet.

INTERVENTION LOOMS UP

WASHINGTON CORRESPONDENT TELLS OF CAMPAIGN THUNDER BEING MADE OF RUMOR

(By Winfield Jones.)

Washington, April 30.—The Taft administration is again bringing forth the Mexican intervention bugaboo, and carefully trying out the public pulse as to whether or not the people will stand for a war with Mexico, for that is exactly what intervention will mean. Every time Taft loses a state to Roosevelt the Taft managers begin to talk about intervention in Mexico. Intervention is the last hope of the Taft managers to keep their man in the White House for another term. If they can plunge this country into an "intervention" war with Mexico they believe the country will rally to Taft and keep him as president for another four years. It is the last desperate scheme of a beaten and discredited administration. Every day or two Taft calls his cabinet together to "discuss the Mexican situation."

The people are not fooled, however, by these maneuvers. Army officers of high standing know what is going on and are not in favor of intervention. Here is what Brig. Gen. Anson Mills, U. S. A., retired, one of the best known Indian fighters in the country, and a member of the Mexican Boundary Commission, says concerning intervention: "Intervention in Mexico means 50 years' war. Gen. Mills speaks with authority, not only as a military veteran of long experience, but from first hand information as a member of the boundary commission. Brig. Gen. Mills has told army officers of the general staff that there is no reason whatever for the United States to think of intervening in Mexico, and that the immediate consequences of such action would spell prolonged trouble and complications which few persons here even dreamed of.

"Let the Mexicans fight it out," is the slogan of Brig. Gen. Mills, reiterated to War Department officers. "Let them fight as we were allowed to fight during our civil war. Think of what would have happened if some foreign power had attempted to intervene in our war. "If the army should enter Mexican soil, it would be 50 years before it would come out. It would mean 250,000 men in the field, and even then it would be an endless process to subdue the country. We might take Mexico City with 50,000 troops; but what good would that do? Madero has Mexico City now, but there is still fighting in Mexico.

"Americans are not in danger in Mexico, and I would feel safer in many of the Mexican cities today than in many places in the United States. There never was a time when the rights of Americans were being given more consideration in like conditions than the present time in Mexico. While this vague talk of Americans being endangered is going on in the United States, these Americans themselves are being given a thousand times more protection than the Mexicans themselves. In many instances Americans legitimately imprisoned for crimes have been let out of jail simply because they are Americans.

"Mexico has not done one-tenth the harm to Americans that Americans have done to Mexico. Was not the present revolution started from the United States, with money from the United States—a great part of them? They were Mexicans, but American Mexicans, and many went into Mexico from the Texas border. At the beginning of the revolution there was ten times as much excitement on the American side of the border as in Mexico. The activity was all here. And yet now we talk of the necessity of American intervention.

"Let Mexico alone, and matters will adjust themselves in that country. We can rest assured that neither England, Germany nor France would think of intervening, even if the United States would sanction it. France, backed by Austria, tried it once, and had enough. That was a lesson which has never been forgotten."

EDITOR HELD ON A CHARGE OF MURDER

Nowata, Ok., April 29.—After a hearing of three days, which began last Thursday, and with the day having been given over to arguments, H. Jeffries, editor, was today bound over to the District court of Nowata county on a charge of murder in connection with the death of Mrs. Irene Goheen, who was an advertising solicitor on the paper which Jeffries edited. Jeffries was committed to jail by Judge Ed Hill late this afternoon without the privilege of bond. Efforts will be made by Jeffries' attorneys early tomorrow morning to procure bail for their client.

Arguments made today were to have been made last Saturday night, but the breaking of a severe storm delayed the program.

The body of Mrs. Goheen was found a mile north of Nowata on the afternoon of April 10. She had disappeared shortly before midnight on the night of the 8th. Her skull had been fractured. No known motive has been ascertained. Trial of the case will be had as soon as possible. It is believed other arrests will follow soon if not allowed bond. Jeffries will edit his paper from his jail cell.

When Judge Hill today bound Jeffries over several women in the court room demanded to know upon what grounds he did it. The judge replied he was merely doing his duty. Feeling has been high at times since the killing.

McVay Brothers Trial.

Pine Bluff, Ark., April 30.—The case of Ed and Cullen McVay, charged with first degree murder in connection with the death of J. W. Etheridge, was called in the Jefferson county circuit court today for trial. The case has attracted wide attention. Etheridge was shot down in court while he was being tried for the assassination two years ago of Albert McVay. John, Ed and Cullen McVay, brothers of Albert McVay, were arrested after the shooting of Etheridge and charged with murder in the first degree as was Perry Walker, who is said to have been with the McVays shortly before the shooting. Walker was later released. John McVay was tried last February and convicted and sentenced to death. An appeal has served to stay the sentence.

In renewing his subscription to the Evening News, S. S. McDonald, who is now at Sulphur Springs, Tex., writes that he never realized what a good paper the News is until he got away from Ada. Its daily visits are now most refreshing.

AFTER SCALP OF SENATOR PENROSE

Harrisburg, Pa., April 30.—Republican leaders of Pennsylvania arrived on every train today in anticipation of the State convention which is to meet in the Majestic Theatre in this city tomorrow. There will be nominated at this convention a candidate for Auditor General, State Treasurer and four Congressmen-at-large. The convention will also elect twelve delegates and twelve alternates-at-large to the national convention at Chicago.

Though this work will be merely perfunctory, since the nominations and selections have been made in advance, the convention nevertheless promises to be of great importance to the future of the republican party in Pennsylvania. The Flinn-Van Valkenburg combine, which espoused the cause of Roosevelt, intends to follow up the notable victory scored in the recent primaries by capturing the state convention and making their control of the party unquestioned.

The ultimate aim of the anti-organization faction is believed to be to capture the seat of United States Senator Boies Penrose for former state Senator William Flinn of Pittsburgh, who aspires to be the republican leader of the state and who, since the rout of the Penrose machine in the recent primaries, appears to be in a fair way to realize his ambition. While the term of Senator Penrose does not expire until 1915, the coming campaign will be of great importance to the Flinn plans as half the state senators to be elected next fall are to vote on Senator Penrose's successor.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural, and indicates that there is something wrong with the individual, and that nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

Get a bottle today, and let it do for you what it has done for thousands of others.

This preparation is offered to the public at fifty cents a bottle. Special Agents, Gwin & Mays Drug Co.

either been adopted or rejected, and nothing remains except to spread on a few applications of arnica salve and take comfort in the fact that it was some fight, anyway. As for the News, it has no sore spots worthy of mention and is now ready to devote its attention to some other line of progress. It has been necessary to antagonize some of our best friends in this fight, but everything has been good

natured and hold no grudge against any of them.

It was not the intention of the News to devote so much attention to the late question, but when the opposition opened the ball and launched a campaign of vituperation and misrepresentation, naturally we could not stand for that. The News never attempts to stir up a scrap of any kind but when the other fellow insists on a row, we never run from our guns until we or he is thoroughly licked. Getting licked is not very pleasant, either, but it is a long sight better than keeping still when the enemy is carrying on a campaign of misrepresentation.

The News has tried to be perfectly fair in this campaign. At the beginning we offered to give free as much space to the opposition as we did to the advocates of the new plan, the boys seemed to think there was something crooked about it and decided to run a paper of their own. Yet, in the face of that the News delayed its issue Saturday just to permit an opponent of the commission plan to air his views, a man, too, whom the editor heard declare that he had changed his views because the democrats did not play fair and refused the republicans a place on the board of freeholders when the primary was held. We have tried to give facts and when the News had anything to say, it has usually made it stick. However, it is all over, and we are as good humored as ever, and hope the opposition is in the same happy frame of mind.

Last Sunday a ball game was pulled off at Nashville, Tennessee, between the league team of that city and a Chattanooga team and the game went very much against the home team. Next day the Nashville boys were taken before a judge on a charge of violating the Sunday laws. As it happened the judge was something of a fan himself and had seen the game in question. He acquitted the whole bunch because he said that by the widest stretch of the imagination no one could say that they had played any ball. He went on to say, however, that he would take pleasure in assessing a fine against each of the visitors, if opportunity offered.

Colorado May Not Instruct.

Colorado Springs, Colo., April 29.—Colorado democrats lined up here today for the state convention to name twelve delegates to the Baltimore convention. Despite the strong support given early in the campaign to the Harmon boom, the real contest in the convention promises to be between Clark and Wilson and between these two the delegates appear to be so divided that the outcome may be an uninstructed delegation to the Baltimore convention.

THANHOUSER

The Star of The Side Show

All the THANHOUSER favorites become "freaks" in this film for your edification. They quit being Romeos and Juliets, Nickleby's, and Copperfields and turn into midgets, giants, snake charmers, bearded ladies and fat ladies, and so on. The very novelty of it will stun you. A film studio was turned into a museum for a week to deliver this to you.

The Divorce Cure

Miss Evelyn Francis is featured in this picture. Here is a picture that will give the newly married, and some of the old as well, a good pointer on how to prevent divorce. The first scenes of this picture shows New York Harbor and the Statue of Liberty as seen from an ocean liner.

The program at the DeSota this evening will be a rich one from beginning to end. The Thanhouser actors will lay aside their usual roles and appear in a side show performance. Then comes the "Divorce Cure," which should prove very interesting to married couples, but of course old bachelors and maiden ladies of uncertain years, are prepared to give advice along that line already. The orchestra has a splendid program, too.

This evening the Majestic will present two very fine pictures. The first is one of Edison's masterpieces, entitled "For the Commonwealth," being a strong educational feature showing the solution of the prison labor problem. Absorbing interest throughout. The other is "His Chance to Make Good," being the story of a terrible struggle by an ex-convict to regain a hold upon life.

Roosevelt created the Ananias club and has elected many of his enemies to membership. Now Taft declares Teddy the high priest of the whole crew and Teddy also insists that Taft is one of the grand moguls of the other. The News adheres to its original contention that both are right.

Between Wilson and Underwood.

Jacksonville, Fla., April 29.—In the state-wide democratic primary tomorrow the voters of Florida will record their preferences for nominees for the presidency, for the governorship and other state offices, for nominees for representatives in congress and for the legislature and minor offices. The contest for the presidential endorsement will be confined to Woodrow Wilson and Oscar W. Underwood. These are the only names that will appear on the ballot. Most interest centers in the contest for the governorship, for which there are five aspirants. They are Cromwell Gibbons of Jacksonville, Park M. Trammell of Lakeland, John W. Watson of Miami, William H. Milton of Marianna and E. M. Semple of Key West. Each of the three present representatives in congress is a candidate for re-nomination and each has opposition. In addition there are four candidates for congressman-at-large.

Listen Friends

I don't want you to read this unless you have confidence in my word. For two years I suffered from a sore on my shin caused by an abscess. I tried—a great many remedies with no results. At last I went to Gwin & Mays, they sold me a box of "Gwin & Mays' Shin Salve," and the second 25c box cured that sore absolutely. I trust that my experience may help other sufferers.

Yours very truly,
LEWIS KEETHLEY.

FAIR-SIZED VOTE BEING POLLED TODAY

Considerable interest has been manifested in the charter election today, both sides doing considerable quiet work. The voters have been dropping in rapidly, and at 3 o'clock 440 votes had been cast as follows: First Ward, 122; Second, 84; Third 103; Fourth 127. When the polls close at 7 o'clock the total will probably be somewhere near 600.

Of course it is impossible to forecast the result with any degree of accuracy, but the advocates of the charter are estimating their majority from 100 and upward.

A FINE ENTERTAINMENT AT THE CITY HALL

The entertainment at the city hall given last evening for the benefit of the Methodist parsonage, was a thorough success in every particular. The performers did their parts most excellently and all deserve praise for their thoroughness. The attendance was gratifying, the receipts amounting to over \$30.

ANOTHER BRICK BUILDING ON WEST 12TH STREET

Although many contended months ago that there was a surplus of business buildings in Ada all new ones have been filled as rapidly as completed and others are still under way. E. S. Collins is having a one story brick 30x60 feet erected on West 12th adjoining his concrete building erected a year ago. It replaces the old barn and improves the appearance of the street a great deal. W. M. Cooper has the contract for the work, and has the walls almost completed.

S. N. After a two months' tour of Europe the couple will take up their residence in Boston, where Lieutenant le Breton is at present attached to the Charleston navy yard.

Taft succeeded in capturing most of the Iowa delegation and needs only a few more votes to assure his nomination. Meantime Clark is sawing wood and piling up a good string of delegates that adds to his chance of securing the Democratic nomination, and with Taft as an opponent, Champ will drive to the White House next March behind a team of Missouri mules.

Attention W. C. T. U.

The W. C. T. U. will meet with Mrs. R. O. Wheeler Wednesday May 1, at 3 p. m. All members are urged to be present, and any one interested in the work is invited.
